Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the City of Buena Park Water Well in fiscal year 2024.

The entity to receive funding for this project is City of Buena Park, located at 6650 Beach Boulevard, Buena Park, California, 90621.

The funding would be used for constructing a new municipal water well in order to provide and store a local supply of safe drinking water for the community.

The project is an appropriate use of taxpayer funds because it adds a new well to the City distribution system, increasing the City's groundwater pumping and storage capacity creating a locally reliable water supply and lessening the City's dependence on imported water.

The project has a Federal nexus because the funding provided is for purposes authorized by United States Code (U.S.C.) Title 42 §300f et seq. (1974) The Safe Drinking Water Act (SDWA) was established to protect the quality of drinking water in the U.S. This law focuses on all waters actually or potentially designed for drinking use, whether from above ground or underground sources.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Michelle Steel  
Member of Congress
